Pro feature: Gifting needs MemberSutra Pro.

1. Turn on **Enable Gifting** under **MemberSutra → Settings → Overview**.
2. On a membership product, allow it to be bought as a gift.
3. At checkout the buyer adds the recipient’s name, e-mail, a message and a delivery date.
4. The recipient gets a claim link and redeems it with the Gift Claim block or the `[membersutra_gift_claim]` shortcode.
