Sutra Plugins

# Why are renewals not charged?

Questions & answers · https://sutraplugins.com/docs/sutrapay-for-paypal/paypal-renewals-not-charged/

Saving payment methods has to be allowed for your PayPal REST app: in the PayPal developer dashboard open the app, turn on "Save payment methods" (and "Advanced Credit and Debit Card Payments" for cards), then click "Test connection" on the General tab. The Saved Payment Methods tab shows whether your account can save methods.

More: install and set up SutraPay for PayPal.
