Sutra Plugins

Install and set up SutraPay for Razorpay

Getting started · https://sutraplugins.com/docs/sutrapay-for-razorpay/razorpay-install-and-set-up/

This guide installs SutraPay for Razorpay on your WooCommerce store and connects it to your Razorpay account. Use test (sandbox) mode first, then switch to live.

Before you start

- WordPress 6.4 or later and PHP 7.4 or later.
- WooCommerce installed and active.
- A Razorpay account with API access.

Install and connect

1. Install and activate the plugin (WooCommerce must be active).
2. Go to **WooCommerce > SutraPay for Razorpay** and open **Settings**. Enter your Razorpay Test and Live API keys (Razorpay Dashboard > Account & Settings > API Keys), save, and use **Test connection**.
3. In the Razorpay Dashboard, add a webhook with the URL shown under **Webhooks**, set a secret, select the listed events, and paste the same secret into **Webhook Secret** in Settings.
4. For subscriptions: Razorpay Subscriptions must be enabled on your Razorpay account.
