Sutra Plugins

Where do I choose which payment methods appear at checkout?

Questions & answers · https://sutraplugins.com/docs/sutrapay-for-stripe/stripe-choose-payment-methods-appear-at-checkout/

In your Stripe Dashboard, under Settings > Payment methods. The Payment Element shows the ones you turned on that are available for the order (country, currency, amount). No setting in WordPress is needed for a new method. To show some of them as their own options in the checkout's payment list, tick them under SutraPay for Stripe > Settings > Payment Element > Separate checkout rows.

More: install and set up SutraPay for Stripe.
