Sutra Plugins

How do I show “Pay in 4” messaging on product pages?

Questions & answers · https://sutraplugins.com/docs/sutrapay-for-stripe/stripe-show-pay-4-messaging-product-pages/

Turn on "Pay-later messaging" under Settings > Advanced and choose the pages (product, cart, checkout, shop). Stripe shows the Klarna, Afterpay / Clearpay or Affirm offer that fits the price, currency and country, and nothing when none does. Turn those methods on in your Stripe Dashboard.

More: install and set up SutraPay for Stripe.
