Sutra Plugins

Does it work with WooCommerce Pre-Orders?

Questions & answers · https://sutraplugins.com/docs/sutrapay-for-stripe/stripe-work-woocommerce-pre-orders/

Yes. Pre-orders charged upfront are paid at checkout. Pre-orders charged upon release only verify and save the payment method at checkout; the order is charged when you release the product. The express (wallet) buttons are hidden for those carts.

More: install and set up SutraPay for Stripe.
